

PKI ECONOMY SLURRY MIXER

Provides Easy Maintenance and Less Downtime

Manufactured by Pacific Kiln & Insulations Co., Inc. (PKI), the economy slurry mixer is simple, safe, durable and affordable. It is a contamination-free, rotating tub slurry mixer at a budget price, where simplicity means easy maintenance and less downtime.

The economy slurry mixer features a polyethylene tank, stainless steel blade and double-belt reduction drive. The motor is protected from slurry droppings, but unlike the PKI deluxe slurry mixer, is not enclosed. The polyethylene tank is non-contaminating, durable, light, easy to clean and inexpensive to replace.

Available Options

- Mounting bracket for prop-type mixer
- Variable speed control

Economy Slurry Mixer Specifications*

Model	Capacity (Gallons)	Barrel Size	Motor HP	Electrical	Shipping Weight
